1. PURPOSE

The purpose of this report is request the Municipal Council to rescind the Municipal Council resolution regarding the purchasing and distribution of events ticket in the Mangaung Metropolitan Municipality

2. BACKGROUND

For the period 2014/2015 the National Treasury issued guidelines regarding frugal financial management across the country. These National Treasury Circulars were aimed at curbing fruitless and wasteful expenditure. In line with those circular Municipal Council meeting held on Thursday, 22 September 2014, resolved inter alia as follows, namely;

That in accordance with the Municipal Budget Circular for 2014/2015 Medium Term Revenue and Expenditure Framework, the Council with effect from September 22, 2015 would not purchase any ticket for events.

Provision and support for cultural, heritage and sporting development events, ranging from hosting key national, provincial and including our own municipal events has a serious bearing for their success, predisposed on the degree at which the city participate. Participation by the city in most instances is dependent on a number of factors and contributions, mainly;

Providing facilities for events;
Providing city branding;
Providing joint marketing in both print media and radio;
Purchasing events tickets for councillors on a limited basis; and
Contributing a financial percentage to the successful hosting of the events;
Providing limited traffic police management functions; and
Providing after events cleaning by our solid waste and Parks and cemeteries divisions

Providing limited traffic police management functions; and
Providing after events cleaning by our solid waste and Parks and cemeteries divisions

It should be mentioned that purchasing and distribution of tickets for events has a high cost value and at times create conflicts during issuing. The ideal scenario is that a transparent process and management system be implemented and including necessary budgetary provisions.

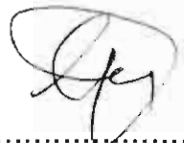

The good financial systems are at the centre of our success which must ensure that service delivery mechanism, integrated systems and governance initiatives are always maintained. The City must always hold a balancing act to host successful events for the city and our residents and the spin-offs of any hosting successful events will results to economic and also indirect increase of our city socio-economic development.

4. RECOMMENDATIONS

It is hereby recommended that the Metropolitan Council rescind resolution number 104 of the Municipal Council meeting held on 22 September 2015.
