## Foreword by the Executive Mayor

This proposed Revised Service Delivery and Budget Implementation Plan (SDBIP) details the implementation of service delivery following the approval of the adjustment budget for the reminder of the financial year in compliance with the Municipal Finance Management Act (MFMA), 2003 (Act 56 of 2003). Moreover, this revision was informed by other matters which were raised by the Internal Audit unit and the Auditor General. Therefore, this strategic implement includes the revised service delivery targets and performance indicators for the remaining two quarters (01 January – 31 July 2023). Following the adoption of the Section 72 of the MFMA, the municipality's service delivery performance during the first half showed an approvement with regard to the city's service delivery targets and performance indicators. Lastly, the SDBIP is a living document and it remains a contract that holds the Mangaung Metropolitan Municipality accountable to the community.

This Revised SDBIP for 2022/2023 has identified **253 against the initial 239 projects/programmes** at the beginning of the year. Furthermore, the city will still continue reporting on **82 Circular 88** output indicators as legislated by National Treasury and Compliance questions and indicators by CoGTA.

#### **Recommendation is that Council:**

- Approves the Revised SDBIP 2022/2023.;
- Notes that the revised SDBIP will be submitted to both Provincial and National Treasury; and
- Notes that the revised SDBIP will be published on the municipal website.

# 1.4 Revised Quarterly Projections of Service Delivery Targets and Performance Indicators

The revised quarterly projections of service delivery targets and performance indicators have considered all the Metro's strategic development objectives both on the projects and programmes and resources allocation level.

Therefore, there is a clear link between the strategic objectives, responsible departments as well as allocation both in the IDP and the SDBIP.

The Revised SDBIP for 2022/2023 has identified <u>253</u> against the initial <u>239</u> projects/programmes at the beginning of the year. Furthermore, the city will continue reporting on <u>82</u> Circular 88 output indicators as legislated by National Treasury and Compliance questions and indicators by CoGTA.

### 1.5 Circular 88 Output Indicators

Based on the experience of MFMA Circular No. 88 implementation to date, and with the benefit of sector and municipal feedback, expansion to the indicator set and revisions to the level of readiness of the indicators have been made. The following tables gives guidance on codes and colouring per sector.

Code	Meaning	
	Indicator is Tier 1 or Tier 2 level of readiness and should be applied in the 2021/22 planning, budgeting and reporting cycle for at least one category of municipality.	
	Indicator is Tier 3 or Tier 4 level of readiness and is not yet ready for standardised reporting in any municipal category.	
	No proposed indicator	
М	Metropolitan municipalities.	
I	Intermediate cities, also known at secondary cities.	
D	District municipalities.	
L	Local municipalities.	

Code	Meaning
T1	Tier 1 readiness
T2	Tier 2 readiness
Т3	Tier 3 readiness
T4	Tier 4 readiness
